

Announcement

With our March BOD meeting quickly approaching the executive board has given thoughtful consideration to the potential impact of the coronavirus (COVID-19) on those in attendance. We have been monitoring updates from the Centers for Disease Control and Prevention, and on Wednesday Arizona Governor Doug Ducey declared a state of emergency.

In an effort to be good stewards of the membership we have decided to cancel the Board of Directors meeting scheduled for March 18, 2020.

We have no indication that the virus has affected Rio Salado Sportsman's Club directly. Our decision is based strictly on our responsibility to the safety and well-being of our members, employees, guests, and their families. Because COVID-19 is a new disease we feel this is the appropriate course of action while we continue to learn more. The range will remain operational and we will continue to communicate any developments as they happen.

Additionally, we have also decided to postpone the RSSC Swap Meet scheduled for March 28, 2020. As information becomes available we will reschedule this event.

If you have questions please contact the office at 480-986-1592 or Office@rsscaz.com.
