

## **Rio Salado Sportsman's Club, Inc. Policies and Procedures**

### **Policy # 2 - Event Scheduling Priority:**

All Events held at Rio Salado Sportsman's Club will be subject to an order of priority when scheduling the use of Ranges and other facilities.

### **Procedures - Event Scheduling Priority:**

Events will be scheduled according to the following:

Priority ONE – Sanctioned Competitive Events, in priority order.

1. International
2. National
3. Regional
4. Sectional
5. State
6. RSSC Division regularly scheduled matches.

Priority TWO – Non-Sanctioned Competitive Events, in priority order

7. National
8. Regional
9. State
10. RSSC Divisions
11. All Other User Groups

Priority THREE – Non-Competitive Events

#### Additional Priority Considerations

In an instance where a division of Rio Salado Sportsman's Club has held a specific calendar position for an annual, industry-recognized event for a period of 10 or more years, that division/event will be given the highest level of priority on that calendar position in an effort to preserve event continuity and industry recognition.

#### **EXPLANATION:**

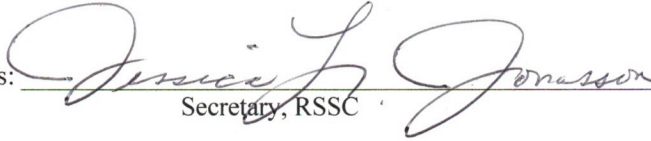

A. For Priority One – Sanctioned events are those authorized by a recognized shooting organization such as the NRA, IPSC, NMIRA, NSCA, ASRPA, etc. Documentation must be provided by the Sanctioning parent organization for the event. The fact an event has shooters from elsewhere does not make the event an international, national, or state level event – **the event must be recognized by the sanctioning organization as being of that level and it must be sponsored by RSSC.**

B. Competitive Events are any shooting events offering awards, prizes or points as a result of competition.

C. RSSC Divisions are those groups which have a Division Director seated on the RSSC Board of Directors, and recognized by the RSSC By-Laws.

D. Conflicts in Non-Club member User Groups will be resolved according to the following priority: Hunter Education, Commercial, Police, Military, Security, Conservation Groups, Schools, Other Clubs, General.
